PROGRAM OVERVIEW

The WFF Housing Stability Grant for Artists is offered in recognition of the increasing unaffordability of rental housing in New York City, and the housing insecurity it creates for artists. Its goal is to improve artists' housing stability, through a \$30,000 grant that is distributed over three years. The WFF HSG hopes that recipients will be able to remain in, or find, reliable and stable housing for at least three years, thereby allowing them to focus on their creative practice and build more sustainable careers. Recipients may use the funds for new housing which reduces their rent obligation, guarantees a stable rental obligation such as a lengthy lease in their existing or new housing, and/or provides greater access to live/work space.

Recipients will be provided with information and guidance for affordable housing in New York through a partnership with the Entertainment Community Fund.

The 2025 application cycle is our pilot cycle. We expect that questions and clarifications will arise and encourage you to visit our FAQs page where we'll update information regularly. NYFA reserves the right to make changes to the program as needed, provided they do not affect the published eligibility guidelines.

Emergency Eligibility

How Emergency Expenses Work

Grants are paid in three annual installments. Funds may only be used for security deposits, rent and/or utilities incurred within the eligible grant periods:

- **Year 1 (\$12,000):** May 1, 2025 - July 31, 2026
- **Year 2 (\$10,000):** August 1, 2026 - July 31, 2027
- **Year 3 (\$8,000):** August 1, 2027 - July 31, 2028

Applicants may request funds for existing housing whose cost has recently increased, or for which you've received notice of an increase, or to move to new housing (whether or not that housing has been identified at the time you apply).

The expenses for which you are requesting funds must be for rental housing located within the five boroughs of New York City.

Recipients will need to provide documentation of the use of funds (copy of new lease; copy of receipt for security deposit; etc.) and additional financial information to establish that their existing financial assets reflect the application information.

Recipients will need to maintain eligibility status throughout the three-year grant term in order to continue to receive funds each year.

Funds may not be used to simply cover or supplant existing rental costs.

Ineligible expenses include:

- Mortgage payments or the purchase of a home
- HOA fees
- Expenses incurred outside of the eligible grant periods listed above

REVIEW PROCESS

As an emergency grant, decisions are made based on demonstrated need, not artistic merit. Due to the expected large number of qualified applications and the limited amount of funds (five \$30,000 3-year grants for Cycle 1), NYFA uses a two-step review process:

1. Applications are reviewed by NYFA Grants Staff for eligibility and completeness. Eligible applications are then assessed by an outside panel based on the demonstrated need of each applicant:

- The urgency of the housing need
- The economic severity of the housing need
- The potential impact on their creative practice

2. Following the panel review, the top scoring applications are placed into a lottery for the final selection.

Please note, this is a very competitive program, and an application is not a guarantee of support. The 2025 application cycle is our pilot cycle. We expect that questions and clarifications will arise and encourage you to visit our FAQs page where we'll update information regularly. NYFA also reserves the right to make changes to the program as needed, provided they do not affect the published eligibility guidelines.

A Note on Privacy

We take the privacy of applicants and recipients seriously. The names of recipients of emergency grants are not published on our website or in our 990 or other financial documents. All reviewers sign confidentiality agreements, and the application and financial information is kept confidential and only seen by staff.

We only accept applications via [Submittable](#). First-time users will need to register with Submittable to access the application portal.

This program is made possible through the support of the [Woodman Family Foundation](#) (WFF). The Woodman Family Foundation is dedicated to stewarding the work and legacies of Betty Woodman (1930-2018), George Woodman (1932-2017), and their daughter, Francesca Woodman (1958-1981). All visual artists, they lived and worked in New York City in a more affordable time. Each intimately understood that secure housing within the city's active arts community is vital to supporting the lives and work of artists. The WFF HSG will serve established visual artists living in, and planning to remain living in, New York City.
